

Thank You

We thank the following donors and sponsors who supported The Walrus in 2022. Their generosity and partnership meant we were able to provide readers across Canada and beyond with storytelling that helps us make sense of our world right now and better understand ourselves. Championing independent, fact-based journalism has never been more important.

The Walrus Trust

The following philanthropists have made an exceptional, multiyear contribution to sustain the work of The Walrus. This level of investment in independent Canadian journalism enables us to do our very best work and earn our place among the nation's most trusted media organizations. We are immensely grateful to each and every one of our Trust members for making this possible.

Optimistic Canadians

Multiyear commitments enable The Walrus to operate in an environment designed for success rather than survival. With the ongoing challenges of the media landscape, having this support as an independent registered charity is critical to our work.

We were pleased to welcome several new Optimistic Canadians to our community in 2022, and we thank each and every one of them for their steadfast support of fact-based journalism.

2022 Fundraising Campaign

Preserving journalism means protecting democracy. This was our tagline for our year-long fundraising campaign, which raised close to \$170,000 in support of fact-checked, independent reporting and storytelling—a critical facet of a healthy society when so much is called into question around us. We thank each and every donor who responded to our call to action to keep The Walrus independent and accessible to all.

The Walrus Editorial Fellowship Program

We are proud to run a sought-after editorial fellowship program for early career journalists. We thank the following partners for their support, which enables us to train and mentor emerging writers in fact checking, research, writing, and editing.
